Precision you can build on

01. EXECUTIVE OVERVIEW

ENGINEERING CONFIDENCE STARTS BELOW GROUND.

GEOTESTA Ltd is a Rwanda-based geotechnical engineering, construction-materials testing and geo-environmental consultancy. We connect disciplined field investigation, laboratory evidence and engineering judgement so clients can make better-informed decisions about foundations, infrastructure and the ground beneath them.

Established in 2018 as GEO-HOME SERVICES Ltd and operating today as GEOTESTA Ltd, our experience spans buildings, dams, irrigation, water supply, transport infrastructure, industrial facilities, power transmission infrastructure, structural assessments and environmental studies.

2018
Established

500+
Project Assignments

RSB
Designated testing laboratory

WHAT OUR CLIENTS EXPECT

- **Decision-ready findings:**
  Ground information interpreted for the engineering decision
- **Responsive execution**
  Timely mobilisation, practical scheduling, and a clear focus on turnaround.
- **Quality-minded delivery**
  Documented methods, traceable records and technical review.
- **Accountable Partnership**
  Field, laboratory and engineering teams working together.

Our positioning
Precision you can build on. Our ambition is to become Rwanda's reference geotechnical and materials-testing laboratory and a respected regional technical partner.

GeoTesta
Precision you can build on

02 . IDENTITY & DIRECTION

A SPECIALIST COMPANY BUILT AROUND THE GROUND.

GEOTESTA was established on 18 December 2018 as GEO-HOME SERVICES Ltd. Its current identity reflects a sharper commitment to testing, engineering evidence and precision.

Our Mission

Deliver dependable geotechnical and materials-testing intelligence, clear engineering recommendations and responsive service.

Our Vision

Become a reference laboratory in Rwanda and a respected regional centre for ground engineering, research and innovation.

Our Approach

Combine appropriate investigation, sound test methods, engineering interpretation and transparent communication.

Our Culture

Integrity, precision, technical discipline, accountability, speed and continuous learning.

GeoTesta
Precision you can build on

3 . INTEGRATED CAPABILITIES

FROM GROUND INVESTIGATION TO ENGINEERING DECISIONS.

Geotechnical investigations

Desk studies, trial pits, boreholes, DCP/DPL/SPT, in-situ testing, sampling and geotechnical reports.

Soil & aggregate testing

Classification, particle-size distribution, specific gravity, compaction, CBR, density and specialist testing as applicable.

Foundations & ground engineering

Bearing capacity, settlement, retaining structures, slope stability, ground improvement and erosion control.

Structural assessment & construction QA

Structural audits, concrete testing, reinforcement-related assessment and construction materials QA.

Geo-environment, water & resilience

ESIA-related studies, hydrology, sediment and water analysis, dams, drainage and flood-risk mitigation

Surveying & specialist investigations

Topographic survey, field measurement, geophysical investigations and multidisciplinary design support.

GeoTesta
Precision you can build on

OUR SIX-STAGE WORKFLOW

01 Define
02 Investigate
03 Test
04 Interpret
05 Report
06 Support

01. Define

Agree engineering questions, project requirements and investigation scope.

02. Investigate

Capture representative ground and site information.

03. Test

Apply suitable methods, quality controls and records.

04. Interpret

Translate data into project-specific engineering understanding

05. Report

Issue clear results, findings, recommendations and limitations.

06. Support

Respond to technical queries and assist implementation as agreed.

We pursue fast turnaround through planning, discipline, and efficient coordination without bypassing required testing durations or technical review.

5 . QUALITY & RECOGNITION

QUALITY IS DEMONSTRATED, NOT MERELY PROMISED.

GEOTESTA Ltd holds a Certificate of Designation issued by the Rwanda Standards Board (RSB), following demonstration of compliance with ISO/IEC 17025:2017 for the test methods in its approved scope of designation

DESIGNATING BODY	DESIGNATION EFFECTIVE	VALID UNTIL
Rwanda Standards Board (RSB)	27 August 2026	26 August 2031

Method discipline

Documented methods, method verification and suitable testing controls.

Traceability

Controlled equipment, samples, technical records and data review.

Competence & impartiality

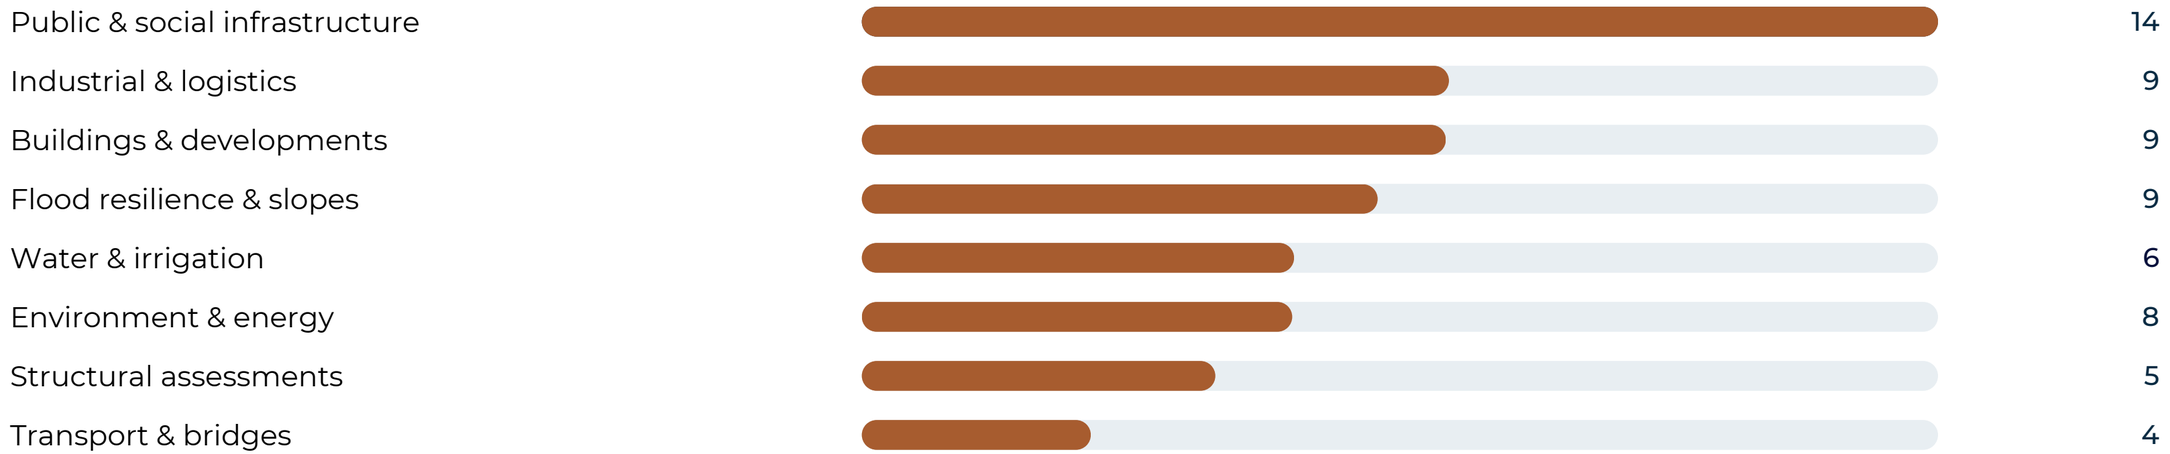

Defined responsibilities, personnel competence and confidentiality.

Continual improvement

Customer feedback, internal audits, corrective actions, and management review.

6 . SECTOR EXPERIENCE

BREADTH ACROSS RWANDA'S BUILT ENVIRONMENT.

SELECTED ASSIGNMENTS

Vunga Corridor flood and sediment control
Geotechnical investigations for flood and sediment-control design

Kanyegenyege and Gishanda Dams
Ground investigations for irrigation and dam studies.

Bwishyura Substation
Slope stability analysis of designated cutting sections.

Gikondo–Rugando EV Charging Hub
Geo-environmental assessment for a proposed charging facility.

Cyivugiza Bridge
Construction supervision in Nyamasheke District.

Airtel Headquarters
Structural audit of headquarters building in Kigali.

7 . OUR TEAM

QUALIFIED PEOPLE. DISCIPLINED EXECUTION.

GeoTesta
Precision you can build on

TEAM MEMER	POSITION	QUALIFICATION	ROLE/PROFILE
NIYIBIZI Jean Pierre	Managing Director / Lead Geotechnical Engineer	PhD research in Geotechnical & Transportation Engineering	Company founder and technical leader.
NIZIGIYIMANA Fiston Dieu Merci	Quality Manager	A0 in Geotechnical Engineering	Quality system and laboratory oversight.
MUSANGWA Fulgence	Geotechnical Engineer	A0 in Geotechnical Engineering	Geotechnical investigation, interpretation and reporting.
NSHIMIYIMANA Michel	Geotechnical Engineer	A0 in Geotechnical Engineering	Geotechnical investigation and project delivery
NIYIBIZI Bareke Orlando	Geotechnical Engineer	A0 in Geotechnical Engineering	Laboratory testing, interpretation, and reporting.
DUSENGIMANA Emmanuel	Senior Laboratory Technician	A1 in Civil Engineering	Laboratory testing, sample handling, and testing operations.

TECHNICAL INTEGRITY AND RESPONSIBLE DELIVERY.

Technical integrity
Conclusions are supported by evidence, limitations and professional judgement.

Client communication
Clear scope, progress updates and useful deliverables.

Health, safety & environment
Planned fieldwork, hazard controls and responsible environmental practice

Impartiality & confidentiality
Responsible handling of information and independent technical judgement.

Learning & improvement
Feedback and quality information inform action.

Practical engineering
Recommendations consider risk, buildability and life-cycle performance.

A message from our leadership

“Every reliable structure begins with decisions that respect the ground. Our responsibility is to give clients the evidence, engineering judgement and service discipline they need to make those decisions confidently. We are building GEOTESTA to be a reference laboratory and technical partner whose work earns trust every day.”

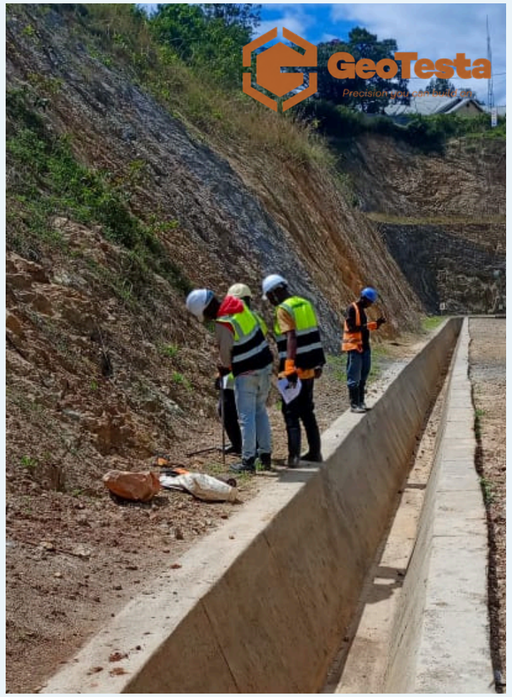

Eng. NIYIBIZI Jean Pierre, Managing Director, GEOTESTA Ltd

09 / WORKING WITH GEOTESTA

FROM BRIEF TO REPORT

STEP	ENGAGEMENT
01 Share the brief	Project drawings, location, design questions, existing data, and timeline.
02 Agree the plan	Investigation methods, test schedule, deliverables, access and responsibilities.
03 Execute	Fieldwork, testing, progress updates and technical review.
04 Deliver	Controlled reports, results, recommendations and agreed follow-up.

APPENDIX / COMPLETE PROJECT EXPERIENCE

67 PROJECT REFERENCES - FULL REGISTER.

NO	PROJECT / ASSIGNMENT	LOCATION	CLIENT	YEAR
01	Proposed construction of basic infrastructure in Muhanga and Musanze Industrial Parks	Muhanga and Musanze Districts	Dr. S.	2026
02	Structural audit of the Soft Packaging factory building	Rwamagana District	Soft Packaging Ltd	2026
03	Design and construction of Mukamira Genocide Memorial Site	Nyabihu District	Ministry of Defence / Reserve Force	2026
04	Geotechnical investigation for the Artesian Tower building	City of Kigali	Silver Ridger Ltd	2026
05	Geotechnical investigation for feasibility study, preliminary and detailed design of flood and sediment control measures in the Vunga Corridor	Vunga Corridor, Northern and Western Rwanda	Sering Ingegneria S.r.l.	2026
06	Geotechnical investigation for the proposed modern truck parking yard at Muyumbu	Muyumbu, Rwamagana District	CCTTFA	2026
07	Geotechnical investigation for the feasibility study of a tannery park in Kageyo Sector	Kageyo, Gicumbi District	EDIFICE Group Ltd	2026
08	Geotechnical investigation for the proposed Sky Plaza building	Kacyiru, City of Kigali	Mr. Mao	2026

APPENDIX / COMPLETE PROJECT EXPERIENCE

NO	PROJECT / ASSIGNMENT	LOCATION	CLIENT	YEAR
09	Geotechnical investigation for the proposed Parallel Residents development	Gahanga, Kicukiro District	Ark Design Ltd	2026
10	Geotechnical investigation for the proposed Rock Property building	Kimihurura, Gasabo District, Kigali	Rock Property Ltd	2026
11	Geotechnical investigation for feasibility study of classrooms, latrines and retaining walls at GS Gihara, GS Rambura, EP Nyagahinika, GS Syiki, GS Rwamiko, GS Bukongora, EP Ruronde, EP Boneza, EP Rutovu, GS Karambira, EP Mpingamabuye, EP Busenda and GS Buhindure	Rutsiro District	NSANZIMFURA Emmanuel Gilbert	2026
12	Geotechnical investigation for the proposed Akarabo Chicken facility	Nyamata, Bugesera District	Ark Design Ltd	2026
13	Geo-environmental assessment for the proposed Gikondo–Rugando Gate EV Charging Hub	Kicukiro District, Kigali	Abundio Energy Africa Ltd	2026
14	Geotechnical investigation for Mugina Genocide Memorial Site	Kamonyi District	Ministry of Defence / Reserve Force	2026
15	Geotechnical investigation during the construction of the Gishanda Irrigation Scheme	Kayonza District	Ministry of Defence / Reserve Force	2025 -2026
16	Supervision of construction of Cyivugiza Bridge	Nyamasheke District	Nyamasheke District	2025 & 2026
17	Preparation of as-built drawings for Bigogwe (Kanzenze) Genocide Memorial Site	Bigogwe / Kanzenze	Ministry of Defence / Reserve Force	2025

APPENDIX / COMPLETE PROJECT EXPERIENCE

NO	PROJECT / ASSIGNMENT	LOCATION	CLIENT	YEAR
18	Geotechnical investigation for review of the Ndego Hillside Irrigation Project design (Kibare, Nasho and Ihema Blocks)	Kayonza District, Easter Province	JV CATS & SECOSE Ltd	2025
19	Geotechnical investigation for flood-control measures under the Volcano Region and Vunga Corridor Project (VCRP)	Volcano Region and Vunga Corridor	SGI& ZURI CONSULTING LTD	2025
20	Geotechnical investigation for proposed water supply and related civil works at HEZA Estate	Kagugu Cell, Kinyinya Sector, Gasabo District	RHA	2025
21	Slope stability analysis at Bwishyura Substation cutting area (Sections 1, 2, 3 and 4C)	Bwishyura, Karongi District	EDCL	2025
22	Geotechnical investigation for proposed solid waste management facilities	Muhanga District	BETA Company Ltd	2025
23	Geotechnical investigation for the proposed Kabaya Landfill and Dumping Site	Kabaya, Ngororero District	BETA Company Ltd	2025
24	Geotechnical investigation for the proposed Gashyushya Landfill and Dumping Site	Gacurabwenge, Kamonyi District	BETA Company Ltd	2025
25	Geotechnical investigation for the proposed Nyamasheke Medical Clinic	Nyamasheke District	NYAMASHEKE MEDICAL CLINIC	2025
26	Geotechnical investigation for rehabilitation of Rugeramigozi Dam	Muhanga District	DR. S Ltd	2025

APPENDIX / COMPLETE PROJECT EXPERIENCE

NO	PROJECT / ASSIGNMENT	LOCATION	CLIENT	YEAR
27	Geotechnical investigation for construction of Kagogo Bridge	Giti, Gicumbi District	JV OCOS & OBUSCO Ltd	2025
28	Geotechnical investigation for Bugesera Imbuto Hub Project	Bugesera District	Ministry of Defence / Reserve Force	2025
29	Geotechnical investigation for ravines along indicative feeder roads (Lots 2 and 3)	Rutsiro District	MIGECO Ltd	2025
30	Geotechnical investigation for the proposed Gicumbi Meteorological Weather Station	Byumba, Gicumbi District	RHA	2025
31	Geotechnical investigation for the proposed DBE Villas	Kimironko Sector, Gasabo District	DBUILD EMPIRE	2025
32	Comprehensive Environmental and Social Impact Assessment (ESIA) for Pro-Poor Development projects (PPD)	Gatsibo District	Gatsibo District	2025
33	Slope stability analysis for Rwaza Hydropower Canal slopes	Musanze District	Rwaza Hydropower Ltd	2025
34	Sediment and water analysis for Agatobwe Hydropower	Agatobwe Hydropower Project	Agatobwe Hydropower	2024
35	Structural audit of a duplex apartment building	Rebero, Kicukiro District	NIYONSENGA Simon Pierre	2024
36	Geotechnical investigation for the proposed LPG upgrade	Nyamabuye, Muhanga District	C. MONOLITH CONSTRUCTION Ltd	2024
37	Geotechnical investigation for the proposed Kopa Telecom office building	Kimihurura, Gasabo District, Kigali	Kopa Telecom	2024

APPENDIX / COMPLETE PROJECT EXPERIENCE

NO	PROJECT / ASSIGNMENT	LOCATION	CLIENT	YEAR
38	Geotechnical investigation for the proposed eco-resort building	Gashaki, Musanze District	Ark Design Ltd	2024
39	Geotechnical investigation for the proposed modern church	Kagano, Nyamashek District	NTAHONDEREYE Cyprien	2024
40	Structural audit of Rambo TVET School	Nyamyumba, Rubavu District	Ministry of Defence / Reserve Force	2024
41	Geotechnical investigation for the detailed study of Kanyegenyege and Gishanda Dams and Irrigation Scheme	Kayonza District	ECORDECO Ltd	2024
42	Geotechnical investigation for Rwanda Correctional Service (RCS) projects, including Nyamasheke, Nyamagabe, Nyarugenge and Rwamagana Correction Centres and the RCS Training School	Nyamasheke, Nyamagabe, Nyarugenge and Rwamagana	RCS	2024
43	Geotechnical investigation for Gatare and Rwishywa Bridges	Rutsiro District	URTRASCO Ltd	2024
44	Geotechnical investigation for the proposed construction of 45 Early Childhood Development Centres	Multiple locations, Rwanda	RHA	2024
45	Detailel design review for retaining walls and stormwater drainage in the school compounds of GS Kinigi and GS Burushya	Nyamyumba Sector, Rubavu District	Ministry of Defence / Reserve Force	2024
46	Geotechnical investigation for the proposed mosque	Muganza Cell, Runda Sector, Kamonyi Distric		2024
47	Geotechnical investigation for Royal Golf View Apartment	Kacyiru, Gasabo District, Kigali	DND Developers	2024
48	Geotechnical investigation for TVET Phase III, Lot 5: rehabilitation of Karengera TVET Schoo	Kirimbi, Nyamasheke District	BFCC Ltd	2024

APPENDIX / COMPLETE PROJECT EXPERIENCE

NO	PROJECT / ASSIGNMENT	LOCATION	CLIENT	YEAR
49	Geotechnical investigation for the study and design of the National Processing Centre (NPC), Lot	Kicukiro District	Nestaah + Co Ltd	2024
50	Geotechnical investigation for the study and design of Local Post-Harvest Centres (LPCs)	Nyagatare, Rubavu, Rulindo and Bugesera Districts	Nestaah + Co Ltd	2024
51	Structural audit of NISR Census and Survey buildings	Muhima, Nyarugenge District, Kigali	Obusco Ltd	2024
52	Geotechnical investigation for Rundazi River protection works	Huye District		2024
53	Geotechnical investigation for the African Deaf Bible College (ADBC)	Gashora, Bugesera District	Deaf African Ministry Rwanda (DAMR)	2023
54	Geotechnical and hydrological studies and retaining-wall design at Pindura Barracks	Nyamasheke District	N&M Empire Company Ltd	2023
55	Geotechnical investigation for the construction of HPV Gatagara	Nyanza District	Ministry of Defence / Reserve Force	2023
56	Geotechnical investigation for VTC Mutobo	Nyabihu District	Ministry of Defence / Reserve Force	2023
57	Geotechnical survey and soil tests: Nyacyonga modern market	Gasabo District	Ministry of Defence / Reserve Force	2023
58	Geotechnical investigation: warehouse in Ragwe Village	Kayonza District	Western Seed Company Ltd	2023
59	Retaining-wall feasibility study for schools in Nyaruguru District	Nyaruguru District	Ministry of Defence / Reserve Force	2023

APPENDIX / COMPLETE PROJECT EXPERIENCE

NO	PROJECT / ASSIGNMENT	LOCATION	CLIENT	YEAR
60	Geotechnical investigation: maize store and processing unit	Kayonza District	Agro-transformer farmer Ltd	2023
61	Retaining-wall feasibility study for schools in Nyamagabe District	Nyamagabe District	Ministry of Defence / Reserve Force	2023
62	Geotechnical investigation for green components: Cyivugiza IDP Model Village	Nyaruguru District	Talent Contractors Ltd	2023
63	Geotechnical investigation: Karongi Lake View Hotel	Karongi District	Karongi Lake View Hotel Ltd	2023
64	Geotechnical investigation for green components: Rwufi IDP Model Village	Karongi District	Talent Contractors Ltd	2023
65	Geotechnical testing: rehabilitation and upgrading of indicative roads	Nyaruguru District	STECOL Corporatiot	2023
66	Geotechnical investigation during construction of five valley dams/tanks: Cyamusenyeri Valley Dam, Kigarama Valley Tank, Cyamburara Valley Dam, Murundi Valley Tank and Rukore Valley Dam	Kayonza Distric	Ministry of Defence / Reserve Force	2022-2023
67	Geotechnical investigation for Feasibility study: removal, transport and installation of floodlights from Amahoro Stadium to Gahanga Cricket Stadium	Kigali	Aimma-Hi-Electritech Ltd	2022
